#### PEOPLE

People made Bonnie Doon in 1972-73.  
All kinds of people, but mainly students.  
And the record of these people hopes to not merely be objective,  
But to be involved.  
That's what the editor has been doing for three years:  
Trying to get the inside picture.  
That's why wherever you went, there was a photographer.  
And is the correlation of the actions and faces of these people  
That are recorded herein.

1972-73 was one of the finest years for athletics any school could possibly have. However, after the first football game things did not appear so promising.

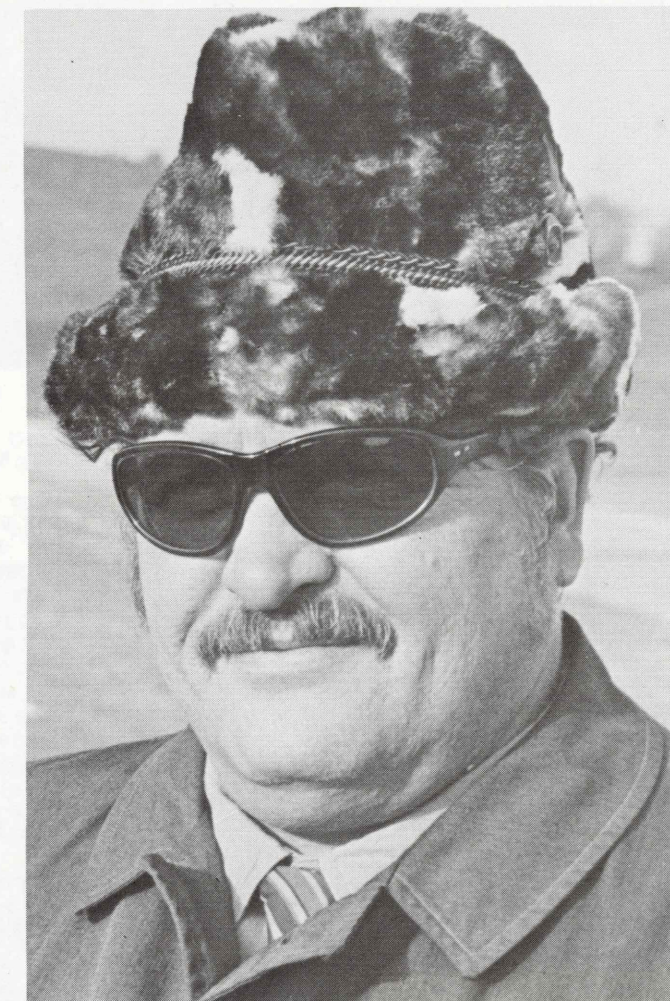

Football training camp saw 55-60 ball players show up to make a 36 man team. Optimism was high but it took a telling blow when the Lancer's lost their first game to Eastglen Blue Devils 13-7. Mr. Brice and the coaching staff took it in stride, however, and made use of the loss psychologically and created more incentive. This coupled with some outstanding player performances was the spark need for victory. The Lancers then won their next 10 games and became the provincial champs.

## Junior Football

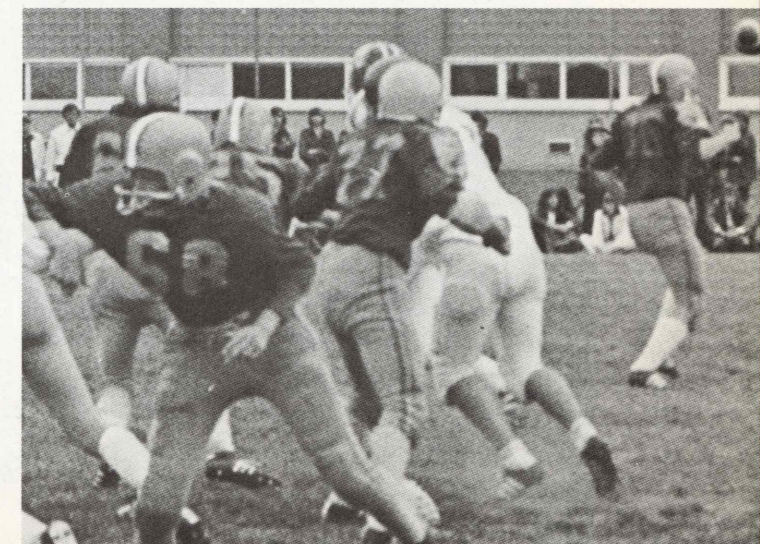

One of the worst years (lately) in the record book — only 3 wins and 5 ugly losses; but a very good year in the FUN department. The "Beautiful Losers" might have been city champs in a glee club contest, or certainly a Miss Congeniality competition. The defensive squad put together by Mr. Brodie and Mr. Farrell was as stingy as ever, allowing only 8 points against per game; but the offensive crew assembled by the Unc was not quite strong enough to score consistently.

The team would like to thank those fans who always supported us, and special thanks to all those 100 fellows who tried out. It is participation such as this that makes B.D. a winner overall!

## Senior Lancers Volleyball

At the end of our most successful season ever, having won the Salisbury Tournament, the U. of A. Tournament, the first-place league position, the City Championship, and the Provincial Championship, I still remember when . . . we first tried the short set and it didn't work . . . Jim turned white with shock on the way to Calgary . . . we lost a game to the last-placed team . . . Shawn's famous feet were bleeding through the tape but he played on to win . . . we were up for a game and how it felt to be a real team . . . Steve first heard about selling his body . . . the team discovered that their coach was gentle . . . Peter practiced diving and survived . . . I demonstrated spiking or something . . . we champagned the City win . . . Chuck jumped to the stars and spiked straight down with referee watching open-mouthed . . . Harvey wore nets into the locker room . . . Dave discovered you-know-what and needed the How-Not-To book . . . Harry was everywhere at once to save a tough game . . . we introduced the soft drink to Edmonton . . . Pat wound up his arms and legs and frightened everyone . . . Bryan felt discouraged while in fact his leadership won many games . . . we had fun . . . we played poorly (occasionally), well (usually), and won when it counted. What a team and what memories.

Under Mr. Conquest's able direction, Bonnie Doon's "First Annual Balsa Bridge Building Competition" was held in December. Among the five excellent entries, the winning bridge, weighing 7 grams, of Stanley Klapauszak and Ralph Osterwoldt held 12.3 pounds. A contest for the second semester students in June, was won by a narrow margin by Gary Mann.

During the second semester, the Social-English class decided to stage a feast as practiced in the Middle Ages. Dressed in appropriate garb they gathered in the teacher's cafeteria to honour King Klufas of Doon. They were served suckling pig, roast duck, eel pie, mead and a host of other delights by the comely serving wenches. Entertainment was provided by a pair of court jesters who dazzled the assembled guests with a series of songs, skits and tricks. The event, which was covered by both the Journal and the C.B.C., received accolades from as far away as Texas.

# City Champions Senior Basketball

Bonnie Doon Lancer Basketball was a coaches dream in 72-73. We had the great outside shot, ball handling and close defense. The only thing lacking was a tall centre. Though the tallest of the starting five was only 6'2", Lancers made up for shortness with desire and led the league in rebounds.

The Lancers didn't wait very long to get on the winning track. They won their first 8 games. Included in this total were the Victoria Invitational Tournament and the much coveted C.A.P.H.E.R. title. In the C.A.P.H.E.R. Doug Carter and Wayne Sartore were chosen as allstars and Dave Johnston was selected the tournament MVP. Because of their fine performance in the C.A.P.H.E.R. the Lancers were invited to the Raymond Sugar Bowl. A memorable tourney where they lost their first game but still managed to capture the consolation and sportsmanship awards.

During the regular season Lancers tied for first with a 14-2 record but were placed in second. In the playoffs Lancers won it all again and Wayne Sartore and Dave Johnston were selected to the city allstar team.

So back down to Raymond country to Lethbridge for the provincials. The Lancers advanced to the finals but lost out by 2 %&\$\* points. Thus ending a great season. The Lancers, record this year was 32 wins and 4 losses. The team selected Wayne Sartore and Dave Johnston as MVP.

## ***eaton's display***

Space and time donated by Eaton's allowed Bonnie Doon students to set up and run a display depicting life at Doon. Pictures, yearbooks, trophies and cheerleaders were on display, while ribbons, badges, candies and balloons were distributed to young and old alike.

## ***open house***

That annual event that transforms B. D. into a three ring circus! Students were turned loose with laser beams, ovens, and a European Cabaret, while parents and friends wandered and gawked at the new marvels of education.

Cheering this year has been a great experience for all of us. I know Emily will always remember CAPHER and how she, in her excitement mistook the announcement of 1st. place. Sandy will probably recall everyone dressing up and going to see Mousetrap, at her P.J. party. Deb Glanville will remember having 35 hungry football players to her house for supper and Deb C. I hope has learned not to push herself past breaking point at volleyball games. Then there is Deb I., whose favorite memory is probably the Raymond trip and all it entailed. Next is Donna "life of the party" Zucht, who will never get over her passionate hate for the cheer "everybody". Colleen loves to remember singing Ungawa at Scona and Laura will never live down early morning practices in rollers. Cathy will always be remembered for her line in Raymond "He smiled at me", and Karen will probably take a long time to recover from all the teasing she got. Lastly is Lyndia who will always remember Friday night in Lethbridge. Well as you can see its been quite the year and I know I'll never ever forget what a wonderful privilege its been to work with such a great group of girls.

Yes, Bonnie Doon had many clubs that got people away from the everyday grind. Not every club came to have its picture taken, but what we have here ranges from the SERIOUS and INTELLECTUAL to the ENERGETIC and ATHLETIC to the...

*waterpolo*

As it has throughout its turbulent history, Bonnie Doon's renowned water polo team surpassed all pre-season expectations in its fantastic performances this past season. Although the attrition rate through injuries was oftentimes staggering to comprehend, everyone of the entertaining, usually pre-dawn matches were characterized by wild outbursts of scoring, hacking and choking.

Mr. W. J. Klufus — Principal

This year is the year of "the Doon". The teachers, students and parents have worked together, and while working as a team the students earned two Provincial championships and three City championships in the sports area. This intermix of youth with adults brought great rewards in the curricular field as well.

The real genius of man is his deep sense of fairness, respect for the opinion of others and a very clear sympathy for youth — often frustrated — often disenchanted — but always challenging, at an age when they should be brash. We have not written off this next generation but have brought the youth into a smorgasbord with adults, giving them purpose. We have recognized that the youth have strong feelings and emotions — moralistic youth who recognize right from wrong and want to build their lives on this strong moral base.

DEAR GOD: Help us understand the miracle of the young mind conceiving, even though at times you see us doubting. Help us to take our youth seriously and let us be 'for real' and not play games with them.

DEAR LORD, help us to understand the feelings and emotions of the young and help us to remember that we adults do not have a monopoly on feelings and emotions. I know that youth asks for very little; it asks for work, a little money, some self-esteem, space 'to bang around in' — to find itself, and grow in wisdom.

We pray, Lord, that you will make us understand that these are not outlandish demands and help us mature humans to get together with the young humans as one positive force for the good of all.

Yearbook

In September 1970 a group of noisy, screaming, little 14 and 15 year olds entered, for the first time, the halls of Bonnie Doon. They were amazed at the size and complexity of the place. They were amazed at the number of rooms, and at the number of places they could get lost.

A few weeks later, after being beaten into submission by the older scholars and after being lectured into line by the teachers, these Junior High School graduates could now call themselves High School Students.

So with a plastic coated I.D. card in one hand and an armful of books in the other — they set out to conquer the world.

After I accepted the task of writing this class history I found myself looking for things to write about. I had figured that most of you know that we won a whole set of city and provincial trophies, but I had trouble finding some real meaningful down to earth history.

I found the answer to this problem in a small cardboard box in a very obscure corner in the back of the publications room, where I found all the back issues of the Thistle for the last year.

In these old copies of the school newspaper I discovered some very interesting facts. For instance, did you know that in the last

year there have been 207½ pages, 100 have been about football and basketball games, 87 have been poetry and stories and the other 20½ have been pictures of the editor.

From one of these old copies of the Thistle I got the idea of taking a public opinion poll and ask different people what their favorite High School memory was. I haven't the time to give you all the statistics but here are some of the more interesting points.

Of the students asked at least 83% remember provincial finals or events in which they travelled to other cities. Of this 83% only 4% can remember who won the game.

A fair percentage of the people remember something called a "Phys. Ed. Camping Trip". I can't say I know what that is, but from what I gather it's something no one should miss.

One of the memorable events this year was that the Students Union, for the first time in the history of Bonnie Doon, went bankrupt. If happiness can be measured in money, we may consider that we have had more than our share this year.

I'd like to end by quoting these words by Samuel Butler that I think apply to all of us, parents, teachers, and students alike. "... we are drawn through life backwards or again, we go onwards into the future as into a dark corridor. Time walks beside us and flings back shutters as we advance; but the light thus given often dazzles us, and deepens the darkness which is in front. We can see but little at a time, and heed that little far less than our apprehension of what we shall see next; ever peering curiously through the glare of the present into the gloom of the future, we presage the leading lines of that which is before us, by faintly reflected lights from dull mirrors that are behind, and stumble on as we may till the trap door opens beneath us and we are gone."
